

Serving HEAD START

Transform Consulting Group brings a unique combination of knowledge and relevant experience to partnerships with Head Start organizations. We have been intimately involved in leading and supporting Head Start programs at every level: grantee, State Collaboration Office, State Association and federal Office of Head Start. We have also worked with other early childhood education programs and systems.

COLLABORATE

We work with you, your partners and our industry partners to identify what data and research is necessary to support your current and future goals.

ASSESS

We pull together and interpret the latest research and trends to understand the industry and make best practice-informed recommendations.

CREATE

We create best practices and work with your team not only on how to collect and analyse the data, but how that data can improve your overall organizational outcomes.

OUR SERVICES:

- ☑ Complete comprehensive needs assessments and annual updates
- ☑ Provide data management services to bring all data together in custom reports and dashboards
- ☑ Write federal Early Head Start, Head Start, and Early Head Start-Child Care Partnership grants
- ☑ Conduct staff trainings on understanding data and using it to improve programming
- ☑ Collect feedback from key stakeholders - parents, teachers and partners - through surveys, focus groups and interviews

TRANSFORM
— CONSULTING GROUP —

“ TCG helped us focus on understanding the needs and strengths of the counties we serve. They did this by gathering and interpreting key data and talking with different stakeholders to get a better understanding of their current and future needs. We were so pleased with our partnership and committed to working together the next 5 years!

Karen Carradine, Vice President of Head Start, Geminus Corporation ”
